When do you think you will get back to us?

The general confidentiality section was a throw back to the representations you made last year regarding the violation of the confidentiality on an investigative report and included in the proposal as a way to prevent something like that from recurring. No other document has been marked as confidential by us.

Hi Kelvin:

We will confer as a team about your proposal, but will not be able to get back to you by the close of business today. We will, however, agree, to not publicly disseminate the videos we requested that you have agreed to send to us by Friday. We do not believe any other documents you agreed to send to us by Friday that are subject to our requests are covered by the proposed protective order, but please do let us know if you disagree.
